 Your Honor

On Monday November 29, 2010 I filled out a request to Unit Manager Snow (D. Snow) of Pine unit here at Beckley F.C.I. On it I stated clearly that I was having problems with a inmate Anthony Rowe and that if he could do something to not put him back around me, and that I did not want to be put in a situation where I would stab him or something. I only have full use of one hand. This was a plea for help. I even stated on the request that I wanted him to call me to his office to talk this over. I got a incident report for threats wrote on me and was placed in lock up. This raised my custody points to send me to a USP Maximum security. I only got 20 months left short time. This is why I was making a plea to be not in harms way. I have mental issues of depression on record and also its on record that the shot caller Wayne Beckner from Vandango California wanted me stabbed and killed at Big Smoky U.S.P. The other week when D. Snow walked passed my door in lock up I said to him that he was wrong about how he does stuff, and he ask me what I meant by it, and I said that when you assaulted first that black guy in front of the chow hall that the tree blocked the camera from seeing and the way he up set the man in the wheel chair one time and the way he did me when I was only seeking help. His words to me was if you do not kill your self or get stabbed and killed where your going then you will be a lucky man. Today 12-05-10 I recieved notice that I will be sent to a USP my (points custody) was raised from 21 to 29 this is 8 points and 9.9 times out of 10 people only get 2 points for a 200 series write up. This is more points then a most serious write up gets.

This man is playing games with my life and my time as well as the same with other inmates here.

Note: I do not enough time left to exhaust all grievance procedures and then get this matter in court. My release date is July 29 2012. ^{50/14 months approx} Minis 6 months of this for halfway house.

Will please have all the records pulled about the 2.03 Threats incident report, and the classification report, and hear this matter as a Heabus corpus combined with a civil action under Prieser vs Rodriguez 411, US 475 I think is the case.

This man is setting me up to kill myself or to get killed. You ask to see the request of where I was seeking help and you'll see it was a plea for help and not a threat, and you'll see that I am being set up.

If you will not make a case for me out of this. Then will you please keep this letter on file for future use so if I do get stabbed or killed or drove crazy to hang myself that my family can sue. Please send me a copy of this certified back to me to ensure I get it.

I saw snow assault this other inmate while searching him he yanks upward real hard on the inmates pants forcing pressure on his go rads. He done it again and this when the inmate ~~retalitated~~ retaliated. Please notify within 10 working days. they are going to transfer me out of here soon in a month or so. ~~the~~ please make this a case or have investigated.

All you got to read is the request; the plea for help that I first wrote to him and its on file with the write up in my central file here, but won't be after I get transferred to where ever.

Please Help Me. I don't want to get stabbed or do I want to be put in a situation to do such to someone else, nor do I want to be drove into try suicide.

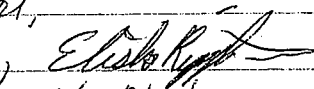

Sincerely,
Elisha Riggleman 07411-088

③ Your Honor,

I've Tried To get copies of what was used against me to find me guilty of Threats but The hearing officer Told me to go F--K myself I will not get any thing from him. So can you atleast contact the warden here and order him to give me a copy of The incident report and a copy of The request To Unit Manager D. Snow That was used To accuse and find me guilty of Threats. Sir/your Honor. Have them mailed or faxed To you So you can also see The dirt and stains on This cloth, and you yourself will see that its not all cat from the same cloth and That There word of truth is unworthy. I've been put in lock up and I've not seen a incident report or even a disposition of being guilty. but I was told I'm guilty and that is that. there is no recordings. This is all illegal and cruel and unusual punishment, and I feel That D. Snow is making a joke of my time and my life and well being. I'm sure that they will try to cover for each other, but when there is no signature of mine stating I recieved anything or a recorded hearing. then its my word against theirs. And there is such a thing a corrupt Government employees. this is why I ask that you get copies and read for your self and see for your self if it was a threat or a statement and plea to not be in harms way that was written on the request, that is suppose to be the main exhibit for this incident. You need to step in and see the dirt for your self. I'm afraid its getting out of hand and that some day someone will get seriously hurt do to Neglecting situations here at Beckly FCI. A Human life is precious and once taken cant be returned. Justice is what its all about. thank you,

sincerely,
